How to Write Paper in Scientific Journal Style and Format

attention to how professional scientists write about their work You will see improvement in your own scientific writing skills by repeatedly practicing reading, writing, and critiquing of other's writing The guide addresses four major aspects of writing journal-style scientific papers:

A guide for scientific writing - Universiteit Utrecht

Scientific writing has a long tradition and since the first half of the 20th century, the IMRAD structure has become the dominant structure for scientific reports reporting original research (most journal articles, congress papers, bachelor and master theses, etc) IMRAD is an acronym for introduction, methods, results, and discussion These

Bringing up scientists in the art of critiquing research

Bringing up scientists in the art of critiquing research by Barbara J Kuyper (from BioScience 1991 41(4):248-249) In addition to factual knowledge of a given discipline, scientifically literate college graduates need analytical skills to interpret, apply, and communicate the scientific information they have acquired (AAAS 1990, NAS 1989)
